SUMMARY

Proactive Data Analyst with 2+ years of experience in dynamic business environments. Skilled in driving the product development lifecycle from concept to delivery, I excel in leveraging analytical tools such as Excel, SQL, Pandas, and Power BI to extract actionable insights from large datasets. My track record includes handling client projects for renowned companies like Lenskart, JioBP, Tower Vision, Airtel, and Reliance Retail. With a commitment to improving operational efficiency and supporting corporate growth, I am dedicated to driving measurable results and contributing to organizational success.
